

FleetRadar™

FleetRadar™ TIP's Customer Portal

The online customer portal for your TIP hired or maintained fleet.
Fleet overview, documentation, invoice information, equipment details & compliance.

FLEET OVERVIEW & DETAILED TRAILER INFORMATION

Your TIP rented, leased and maintained trailer information all in one place

- Use TIP model dashboards to visualise your fleet composition or configure your own dashboards
- Use tabular views for a simplistic overview
- Drill down to discover specific details on a unit level
- Export and download the data

Activation & Management of your own Users

Online access to paid and outstanding invoice information

Different Profiles and User Access Rights

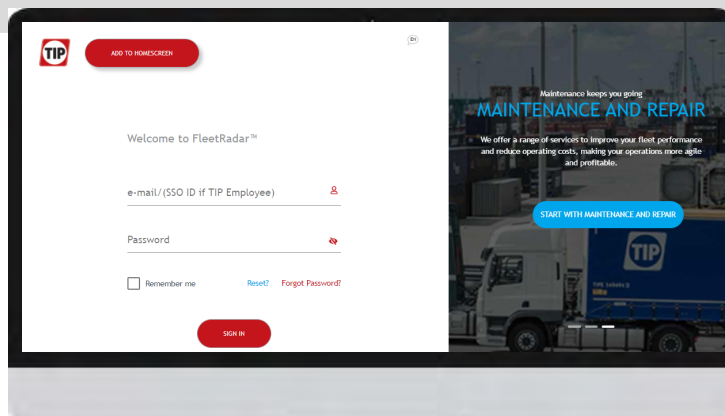

Accessible 24/7 with daily data refresh

"In FleetRadar™ I can oversee my TIP managed fleet volume, asset details, stay compliant by checking the status of service events and download trailer documentation."

"FleetRadar™ uses a traffic light indication to visualise due, upcoming and overdue service events. In the compliance planner all upcoming service events are saved in a tabular view. This makes it easy to stay compliant and to take action when needed."*
